

### **Short Line Railroad Operations**

Batavia & Ohio Railway Services, LLC offers short line railroad operations that are specifically designed to work with and meet the needs of local government entities (city, state, county, and port authorities, etc....) as well as companies that own rail lines. Our Short Line Railroad Operations will work with you, current, and future customers that utilize rail service to improve infrastructure, improve service, and improve customer relations. We are taking our concept of third party contract switching and expanding it to meet your needs and the needs of the customers that utilize rail service. Do not let your railroad come to a halt or become a distant memory. Let us keep the freight moving for you!

Safety and customer satisfaction go hand in hand as our number one goal!

### **Mission Statement**

Promote economic and industrial development by providing our customers with safe, cost effective, and innovative solutions for their transportation needs.

### **About our Short Line Railroad Operations**

- Our short line railroad operations are specifically setup to meet the needs of state/city/county/private owned rail lines.
- We provide safe, cost effective, rail switching and railroad operations.
- We can provide dedicated service to your rail line 24 hours a day; 7 days a week; with modern; reliable locomotives; and highly trained crews.
- We can provide track inspections and track maintenance.
- We will actively seek quality customers with businesses that would be a benefit to the communities along the rail line and region.
- We will work with current customers; as well as other businesses in the region for expansion of their business. We can assist companies not currently served by rail service by offering trans-loading services.

### **Common Commodities that ship by rail:**

Agriculture	Aggregates
Automobiles	Automotive Parts
Building Materials	Chemicals
Coal	Consumer Goods
Food Products	Food Products
Machinery	Metals
Minerals	Paper & Fiber
Transportation Equipment	Waste
